REHABILITATION COUNCIL OF INDIA

A Statutory Body under the Ministry of Social Justice and Empowerment
Department of Empowerment of Persons with Disabilities (Divyangjan)

CIRCULAR

Sub. : Change in eligibility criteria for admission in BASLP course

Norms and guidelines for the course content of BASLP effective from the academic session 2017-18 has been circulated by the Council. In this guideline Point No. 4.0 under Eligibility for Admission, Sub Point (b) says the applicant / candidate should have studied Physics, Chemistry, Biology and any one of Mathematics / Computer Science / Statistics / Electronics / Psychology whereas in the earlier guidelines of this Council for the same course, the eligibility was that applicant / candidate should have studied Physics, Chemistry and Biology / Mathematics / Computer Science / Statistics / Electronics / Psychology.

The problem has been raised by many institutions where it has been told about the practical difficulty for such candidates having the subject combination as per the revised guidelines are not available.

In view of above, it has been considered that eligibility for admission to BASLP with respect to the combination of subjects shall be read as follows in the revised guidelines of 2017-18 :-

The applicant / candidate should have studied Physics, Chemistry and Biology / Mathematics / Computer Science / Statistics / Electronics / Psychology at 10+2 level".

The other norms and guideline for the aforesaid course content shall be effective as per the new guidelines of the Council in the year 2017-18 onwards.

This issue with the approval of the competent authority.

(S.K. Srivastava)
Member Secretary
