Faridkot, Punjab

SUB: Restoration/Augmentation of e-resources access services of Health Sciences Library Network, BFUHS, Faridkot.

Respected Sir/Madam,

This has reference to deliberations on the representation by users (i.e. students and faculty) of the affiliated colleges on aforesaid subject matter. It was decided to restore the e-resources access services provided under the Health Sciences Library Network (e-resources consortium) of BFUHS, Faridkot. It also has been decided to further augment the e-resources to be subscribed under HSLIBNET.

As per the decision of the BOM-(29th Meeting held on May 4, 2010), HSLIBNET was established in 2010 with aim to network all the libraries under BFUHS for minimizing the cost of acquisition and maintenance alongwith to provide benefits to respective users i.e. faculty and students of the affiliated colleges like access to high quality e-resources by 24x7x365 basis at place of choice of users at highly discounted rates. To restore and augment the e-resources access, consortium needs to have the sufficient funds to meet the present day requirements for quality e-resources and considering foreign currency rates.

Steps have already been taken to bridge the huge financial gap over last few years. Hence, your good office is advised to deposit the balance HSLIBNET fee collected by the college from time-to-time, if not deposited so far in the account mentioned below alongwith the details:

HSLIBNET/University Library Account No.: 16012191009077
