1. **Dean's welcome address**

At the outset, Dr. Rajesh Kumar, Professor & HOD, Community Medicine, PGIMER, Chandigarh (Dean) with profound grief, it is informed that Dr. L.S. Chawla, Founder Vice-Chancellor of Baba Farid University of Health Sciences, Faridkot has left for heavenly abode today (31.8.2018). He was an eminent personality in the field of medicine a renowned physician, a scholar, a great administrator, and above all he was a very nice human being. He gave this city Faridkot a worldwide recognition with starting up this University as the first Hon'ble Vice-Chancellor. All the present members stand up and pay homage to the departed soul with observing two minutes silence in the respect of departed soul with prayer that his soul may rest in peace.

He further extended hearty welcome to the members to the first meeting of Faculty of Medical Sciences of present term. He also expressed hope that all the Hon'ble Members would contribute constructively for taking appropriate decisions.

2. **Apologies of absence, if any**

Dr SP Singh, Secretary informed the House that the following members conveyed their inability to attend the meeting:

1. Dr. BS Sidhu, Principal, Govt. Medical College, Patiala
2. Dr. Jeyaraj D Pandian, Principal, Christian Medical College, Ludhiana
3. Dr. Dheeraj Khurana, Professor, Deptt. of Neurology, PGIMER, Chandigarh

3. **Adoption of Agenda**

While going through the Action Taken Report

Para-05 (23)- Internal Assessment for PG students

Dr. Rajesh Kumar-Dean desired to know whether written consents of the Principals of Medical Colleges regarding implementations of Proposal of Internal Assessment for PG students has, been received by the University or not ?

Dr SP Singh, Controller of Examinations apprised the House as well as Dean that no written consents of the Principals of Medical Colleges have been received yet. The House also considered Letter dated 08.06.2018 of Dr. Tejinder Singh, Vice-Principal, Christian Medical College, Ludhiana & Dr. Dinesh Badyal, Professor, Deptt. of Pharmacology, Christian Medical College, Ludhiana forwarded by Dr. Jeyaraj D Pandian, Principal, Christian Medical College, Ludhiana regarding MD/MS competency based curricula on MCI website and Internal Assessment (**Page 809 of Appendices**):.

Dr. Dinesh Badyal, Professor, Deptt. of Pharmacology, Christian Medical College, Ludhiana apprised that MCI has posted MD/MS competence based curricula on their website. He further said that exiting MD/MS curricula of BFUHS alongwith nomenclature of question papers and Internal Assessment need immediate attention and discussion.

Dr SP Singh, Controller of Examinations said the University cannot implement till it becomes Gazette Notification and part of Regulations. He further said that earlier MCI had made some changes with respect to the pass percentage of four papers in PG course and conveyed after approval of Executive Committee of MCI but it was not notified in Gazette. After implementing the said changes, the University had to face so many legal implecation/aspects and the students had approached/gone to the court earlier on the similar ground. He requested that the House should examine it from all pros and cons to avoid embracement.

Dr. Deepak John Bhatta, Principal, GGS Medical College, Faridkot endorsed the views of Dr. SP Singh. He further said that there is no meaning to put the material on website unless it is part of the Gazette Notification and communication on Letter head as hard copy so that it become legal, as the students has already approached/gone to the court earlier on the similar ground.

Some members expressed second question that it has been discussed in beginning of meeting that this is mandatory and part of regulatory document or it is optional that was not very clear. In this situation they said that there are two options just record it for information and second thing that we can be silent about it or proactively form our side and write to MCI to seek clarification in this regard.

Dr. Rajesh Kumar, Professor & HOD, Community Medicine, PGIMER, Chandigarh-Dean said that there is also legal aspects and in view of past experience of the University due to legal complications/issues, clarification from MCI should be obtained to proceed further that these are part of Regulations and mandatory or only guidelines. Medical colleges may or may not follow it.

After discussion, it was **RESOLVED**: To record it today for every concerned that MCI has posted MD/MS competence based curricula on their website for information.

It was further **RESOLVED**: That the University will seek the clarification from MCI in this regard, as per the observations of the Faculty.

Subject: MD/MS competency based curricula on MCI website and internal assessment

Respected Sir,

As MCI has posted MD/MS competency based curricula on their website, it would be beneficial for all to discuss or constitute a committee under your able guidance to look into the existing MD/MS curricula of BFUHS. Some of the items need immediate attention like nomenclature of question papers of MD/MS and internal assessment.

These curricula have provided detailed guidelines for internal assessment. Coincidentally, BFUHS has already started internal assessment for MD/MS last year on trial basis. We prepared an internal assessment module for MD/MS last year and it was approved to be used for one year and to be revised later. This module is in alignment with the internal assessment guidelines in MD/MS curricula posted in 2018 by MCI.

We would be glad to contribute to your efforts to improve the medical education.

Kindly advise/suggest for a meeting on the above issue.
