

Baba Farid University of Health Sciences, Faridkot

Notice

Subject : Regarding physically joining of PG course by candidates of Round I.

The university is receiving many representations from candidates to whom seats have been allotted in the first online PG counselling about problems being faced by them in reporting physically to the allotted college due to non availability of transport and accommodation at allotted institute, problems of getting relieved by the parent department to PCMS candidates and also from NRI candidates who stuck abroad etc.

Keeping in view the COVID situation in the Punjab and to facilitate such candidates the competent authority has decided that the PG candidates who could not join physically to their duties are allowed to join their duties as soon as possible. However, they must ensure that they have completed the other formalities of joining in the respective colleges by the stipulated date. This is also to inform such candidates that they will not be allowed/permitted to vacate/resign/surrender their seats after the declaration of result of 2nd round of counselling as per orders of Hon'ble Supreme Court of India in DAR-US-SLAM case.
