FARIDKOT-151 203

38. Considered and **RESOLVED**: To approve the recommendations made by the Academic Council, in its meeting held on 29.06.2011, vide para 23, for approval of the Norms/Standards related to University Library, Libraries for constituent colleges and affiliated colleges of BFUHS to upgrade library system to make maximum use of Libraries (Pages 155 to 164 of Appendices).

Note: After detailed literature study and telephonic conversation the Library In-charge has observed that the status of Libraries of affiliated colleges is not

up-to-mark (except few Libraries) or are unable to provide quality information services to their users in this modern era of ICT (Information Communication Technology). Due to the lack of standards in infrastructure, manpower and other related to quality service, libraries are unable to fulfil the information needs of the modern users.

In view of above, the University Library has made some standards in light of global scenario of library & information system. These standards will help to upgrade library system in the University Library, constituent colleges and affiliated colleges of the University.

There is no financial liability on the University for these Standards.
