

**Guru Nanak Dev Dental College & Research Institute, Sunam  
Plan Of Thesis For Approval (Student Admitted in 2010)**

<b>Sr .no</b>	<b>Name of Candidate</b>	<b>Specialty</b>	<b>Topic of Thesis</b>
1.	Dr. Parul Mahajan	MDS (Oral Medicine)	Evaluation of diagnostic reliability of toluidine blue and Lugol's iodine in early detection of potentially malignant oral lesions.
2.	Dr. Rameen Khosa	MDS (Oral Medicine)	Prevalence of commonly found pathoses associated with impacted third molars based on panoramic radiographs.
3.	Dr. Rahul Garg	MDS (Orthodontics)	Enamel surface roughness after debonding- A comparison of three different burs.
4.	Dr. Harpreet Kaur	MDS (Orthodontics)	Shear bond strength of metal brackets with different bracket base design.
5.	Dr. Damanjit Kaur	MDS (Prosthodontics)	Evaluation of the effect of chemical and mechanical disinfection of heat cured denture base acrylic resin- An in vitro study.
6.	Dr. Divya Mittal	MDS (Prosthodontics)	Comparison of dimensional accuracy of various interocclusal recording materials- An in vitro study.
7.	Dr. Disha Goyal	MDS (Pedodontics)	Tooth fragment reattachment effect of different restorative materials on its impact –strength – An in vitro study.
8.	Dr. Kamaljit Kaur	MDS (Pedodontics)	Dermatoglyphic patterns in children with dental caries – An in vivo study.
9.	Dr. Amanpreet Singh	MDS(Pedodontics)	Comparative evaluation of remineralization potential of different materials on enamel lesions- An in vitro study.
10.	Dr. Sumeet Brar	MDS (Periodontics)	To compare clinically the autogenous bone graft with an alloplast material in the management of periodontal intra bony defects.
11.	Dr. Amrit Pal Kaur	MDS (Periodontics)	Efficacy of irrigation with Ozonated water and 0.2% Chlorhexidine -Gluconate in the management of chronic periodontitis – A comparative clinical study.
12.	Dr. Ritika Mittal	MDS (Periodontics)	Comparative evaluation of the efficacy of powered floss with Manual Floss – A clinical study.
13.	Dr. Gagandeep Kaur	MDS (Conservative Dentistry)	A comparative evaluation of the effectiveness of nickel –titanium rotary and hand instruments on the smear layer following preparation of root canals – A scanning electron microscopic study.
14.	Dr. Shivani Singla	MDS (Conservative Dentistry)	Comparison of conventional radiography and two electronic apex locators in determining root canal working length – An in vitro study.
