

Sri Guru Ram Das institute of Dental Sciences, Amritsar

Sr. No.	Name of the Candidates	Speciality	Topic of Thesis
1.	Dr. Deepali	MDS (Conservative Dentistry and Endodontics)	Comparative evaluation of apical sealing ability of four different endodontic sealers obturated with single cone and multiple cone technique : A scanning electron microscopic study.
2.	Dr. Vibha Gupta	MDS (Conservative Dentistry and Endodontics)	Comparative evaluation of the push out bond strength of fiber reinforced post using three different dentin bonding adhesives and microscopic evaluation of its fracture modes.
3.	Dr. Shubhneet Kaur	MDS (Conservative Dentistry and Endodontics)	Comparative evaluation of the effect of various access cavity designs, root canal tapers and the cleaning ability of irrigating solutions on the fracture resistance of endodontically treated maxillary premolars : an in vitro study.
4.	Dr. Sakshi Gupta	MDS (Oral & Maxillofacial Surgery)	Comparison of clinical efficacy and postoperative analgesia using 0.75% ropivacaine with 4% articaine with epinephrine and 2% lidocaine with epinephrine in orthodontic extraction of premolars – A double-blind, randomized study.
5.	Dr. Sukhpreet Kaur	MDS (Oral & Maxillofacial Surgery)	Comparative evaluation of two fixation systems using 3-dimensional curved locking strut plate and straight locking miniplate for mandibular fractures.
6.	Dr. Harshdeep Singh	MDS (Oral & Maxillofacial Surgery)	Clinical and Radiological evaluation of the outcome of osseodensification drilling versus conventional drilling after implant placement: A prospective study.
7.	Dr. Ravneet Kaur	MDS (Prosthodontics and Crown & Bridge)	A spectrophotometric analysis of color stability of maxillofacial silicones after chemical and plant – extract disinfection – An in vitro study.
8.	Dr. Komal Kaur Saroya	MDS (Prosthodontics and Crown & Bridge)	An in vitro evaluation of antimicrobial properties of two luting cements used for fixed prosthodontics containing antibacterial agents.
9.	Dr. Komal Mittal	MDS (Prosthodontics and Crown & Bridge)	Comparative study of different implant depths and impression materials on the stability of open tray impression coping –An in vitro study.
10.	Dr. Karandeep Kaur	MDS (Periodontology and Oral Implantology)	Clinical effects of bovine derived xenograft and platelet rich fibrin in the treatment of periodontal intrabony defects – A comparative Study .
11.	Dr. Gurprabjit Kaur	MDS (Periodontology and Oral Implantology)	To evaluate and compare the effect of non surgical periodontal therapy on the levels of serum procalcitonin in patients with chronic periodontitis and chronic migraine : A clinico biochemical study.
12.	Dr. Aradhana Sharma	MDS (Periodontology and Oral Implantology)	Comparative evaluation of coronally advanced flap using bilayer bioresorbable collagen membrane and platelet rich fibrin membrane in the treatment of gingival recession : A randomized clinical study.
13.	Dr. Satveer Kaur Brar	MDS ((Orthodontics & Dentofacial Orthopaedics)	Soft tissue norms of individuals with skeletal class pattern in north Indian population – A cephalometric study.
14.	Dr. Swati Bhagat	MDS ((Orthodontics & Dentofacial Orthopaedics)	Lingual frenum length assessment and its relationship with different skeletal patterns.
15.	Dr. Perthish Sharma	MDS ((Orthodontics & Dentofacial Orthopaedics)	An in-vivo study to compare the clinical effectiveness of essix retainer made on a conventional and a digitally fabricated model over a six month period after debonding.
16.	Dr. Supreet Kaur	MDS (Pedodontics and Preventive Dentistry)	Comparative evaluation of effectiveness of bromelain gel and papain gel as chemo-mechanical caries removal agent – an in vitro study.
17.	Dr. Savreen Kaur	MDS (Pedodontics and Preventive Dentistry)	Assessment of microleakage of giomer and nanocomposite, immersed in three beverages : An in vitro study.
18.	Dr. Jotsaroop Singh	MDS (Pedodontics and Preventive Dentistry)	Comparative evaluation of push out bond strength of endodontic sealers : An in vitro study.
