Notice Regarding PhD

Instructions regarding PhD for information of all concerned.

Competent Authority has approved the following observations made by members of RQC while checking the PhD reports and Annual seminar reports to be followed by all research centre's in toto.

- 1 A monitoring committee be constituted at each research centre under the chairmanship of principal of the concerned college who is also the chairman of RDC for PhD candidate. This committee will monitor the progress of the research being carried out at the research centre by PhD scholars and will sign each progress report and annual seminar report being forwarded to the University for the Approval. All the principal are requested to send the constituted committee details to the University latest by 15th April 2021. This committee should consist of minimum 3 members.
- 2 Goals and aims of the each research specified by subject expert at the time of RDC should be mentioned in each report being submitted to the University.
- 3 Methodology of research work should be specified in the report and the report should be more objective in view of points like patient enrolment, sample collection etc. including the work done till date.
- 4 One of the papers to be published by the research scholar before final submission of the thesis be published in PUBMED indexed journal.

These observations are to be followed strictly while checking and signing the reports being forwarded to the University.

Dr. S.P. Singh MS(Oph)
Controller of Examinations
